

The Wainwrites

Spring 2024

Well, there are lambs in the fields and wild garlic in the woods so it must be Spring! Welcome to The Wainwright, in this wonderful season, from Laura, Johan and the whole team. We hope you enjoy your visit, and here's what's been going on since the Winter Wainwrites!

Ins And Outs!

Since the Winter Wainwrites we've said goodbye to our lovely barmaid RJ. She was a popular member of the bar team, with colleagues and visitors alike, and leaves with all our thanks and good wishes for the future.

Happy Birthday To Us!

At the end of April The Wainwright will have been open for nine years! We'd like to thank all our visitors over those years for making the old place what it has become, and we look forward to many more years to come.

Do You Want To Be a Telly Star?

We are looking to freshen up the videos we put on our tellies and we're hoping you might be able to help. If you do any sporting/recreational activities in the Lake district and think you'd like to see them on our TVs, we'd love to see what you've got. If you send a copy to info@thewainwright.pub (or drop it off in the pub) and we'll let you know if we feature your productions.

A couple of recommendations may help you prepare a vid that's perfect for us. It shouldn't be longer than twenty minutes or so; we don't have sound on so talking head

sections should be kept to a minimum; If you're out in the countryside putting in labels showing where you are helps customers get more out of the vids.

If you want to see how it's done take a look at the work of good friend of the pub, Gary Fisher, either on our screens or on his excellent Youtube channel (<https://www.youtube.com/@gazfisher1000>).

Myles Goes The Extra Mile!

Regulars to the pub in the last month or so may have noticed that owners Laura & Johan were missing. They and their family took a well deserved extended break in Johan's native South Africa. It was Johan's first proper holiday in fifteen years or so, and, while they were away they were happy to leave The Wainwright in the more than capable hands of regular bar/kitchen stalwart Myles.

Laura & Johan are taking this opportunity to thank Myles, and the team, publicly for making their dream holiday possible and running the pub so well in their absence.

Spring Clean!

Finally, the annual inspection of our food hygiene procedures happened in February. The Food Standards Agency visited during a very busy lunchtime, so it was all hands to the pumps. We're very proud to tell you that our five star rating has been maintained and so you can relax and carry on enjoying the foody gorgeousness lovingly prepared by our kitchen team.

Until the Summer Wainwrites, please enjoy your visit, your beer, your food and everything else the Lake District has to offer.
